

Legnano (MI) - Italy, 16/06/2016

Dear Customer,

with this communication, we are proud to announce that MEGA (an Italian company that produces, in Italy, capillary columns and accessories for gas-chromatography since 1980), will continue to produce, under W.R. Grace & Co.-Conn. (GRACE) Alltech Associates, Inc. exclusive License, the line of GC Columns branded:

- **Heliflex**[™] "**AT**[™] -" - as, for example, AT-WAX+, AT-5 MS+, AT-624+ etc.
- **Econo-Cap**[™] "**EC**[™] -" - as, for example, EC-I+, EC-5+, EC-WAX+ etc.

We hope to provide you, in this way, a welcome service, having the possibility to continue to supply to you GC columns fully equivalent to those you've always used to validate your GC analytical methods and of course the best solutions for your new GC analysis as well.

At the link below, you can please read the official communication on GRACE website:

<https://grace.com/en-us/Pages/discovery-sciences.aspx>

Our staff in MEGA is completely available to give you all the info you may need.

You may contact us at: info@mega.mi.it

Thank you.

Best Regards,

Stefano Galli
(Product Manager)
